Built West

A BC TECH PODCAST

Version 1.0 · September 2026

Long-form conversations with the people building BC tech.

WHAT IT IS

A long-form interview show. One guest, one unhurried conversation, recorded in person wherever possible. The story of what is happening in BC tech gets told through the people building it.

WHO IT'S FOR

Seasoned founders and executives who want to know the person behind the title. Investors who want to hear from operators. First-time founders who want to be in the room with both.

HOW IT SHOULD FEEL

Editorial and confident, closer to a publication than a startup. Proudly West Coast without leaning on postcard mountains. Premium, never corporate.

One mark, four forms.

Stacked (primary)

The default. Podcast cover, title cards, anything square or portrait. Use it whenever there is room.

Horizontal

Wide spaces: website header, email signature, video lower thirds, event banners.

Wordmark only

When the descriptor would be too small to read, or the context already says “podcast.”

Monogram

Small squares only: social avatars, favicon, app icons. Never replaces the wordmark on the cover.

Three grounds. Clear space. No improvising.

CLEAR SPACE & SIZE

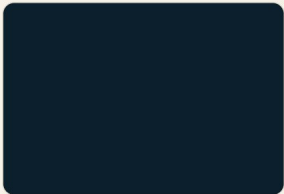

Keep clear space around the logo equal to the height of the “W” in West. Nothing else enters that zone.

Minimum widths on screen: stacked 120 px, horizontal 160 px, monogram 32 px. In print: stacked 1 in (25 mm).

DON'T

- ✗ Recolour the arrow. It is always Accent Orange.
- ✗ Rotate or re-point the arrow. It points northwest, like a cursor, and toward the West.
- ✗ Stretch, skew, outline, or add shadows or effects.
- ✗ Place it on busy photography without a solid panel behind it.
- ✗ Retype “Built West” in any typeface. Always use the supplied artwork.

Navy and cream do the work. Orange points the way.

Deep Navy

#0B1F2D

RGB 246, 242, 233
CMYK 3, 3, 7, 0

Primary light ground

BALANCE

Mostly cream and navy, forest for depth, sage and coastal blue in small doses. Orange stays under five percent: if a layout has more than one orange element, remove one.
